To vote early in-person, do the following:

- Starting 45 days before Election Day, visit your local registrar's office or a satellite voting location in your county or city to vote early. Remember, the Saturday before Election Day is the last day to vote early.
- You do not have to have a reason or fill out an application to vote early.
- At the registrar's office or satellite voting location, you must provide your name and address and show an acceptable form of ID or sign an ID Confirmation Statement. If acceptable identification is not provided, you must sign an ID Confirmation Statement or a provisional ballot will be offered and you are allowed until the Friday at noon following the election to provide a copy of acceptable identification to the electoral board or sign an ID Confirmation Statement. Provisional voters receive a notice to remind them of the deadline and right to attend the electoral board meeting.

Check with your local General Registrar to confirm your eligibility to vote absentee by mail. Special federal ID requirements apply to certain first-time voters.

**** SPECIAL FEDERAL ID REQUIREMENTS FOR CERTAIN FIRST TIME ABSENTEE BY MAIL VOTERS**

For persons who registered to vote in Virginia by mail, federal law requires them to show identification (ID) when voting for the first time in a federal election if they did not send a copy of one of these IDs with their voter registration applications. Recent legislation has eliminated the differences in acceptable identification for in-person voting. Therefore, the special federal ID requirements only apply to certain absentee voters by mail who will be notified by a notice explaining the requirements sent with their absentee ballot. Voters who receive a notice about this special requirements need to include a copy of any of the following types of ID with the voted ballot:

1. A current and valid photo ID (for example a driver's license);
2. or a current utility bill, bank statement, government check or paycheck that shows name and address;
3. or another government document that shows name and address (for example a voter card). If the voter returns an absentee ballot by mail without a copy of one of these forms of ID, the absentee ballot will be treated as a provisional ballot and counted only if the voter provides a copy of ID to the electoral board by the deadline applicable to all voters.

If the voter returns an absentee ballot by mail without a copy of one of these forms of ID, the absentee ballot will be treated as a provisional ballot and counted only if the voter provides a copy of ID to the electoral board by the deadline applicable to all voters.
